1/10

Impact & Relevance

A customer account is restricted and the company AI must help the account manager without tipping off. Break-even about 7 min per person per week; base case ≈ US$1.3M a year (estimate).

3/10

AI Interaction

Cited answer behind two permission gates; the same question asked from WorkBuddy through MCP. Hy3 is wired, live run pending: answers are quoted from the sources with the same checks.

5/10

Feasibility

Break-even about 7 min a week and model cost about US$1k a year (both estimates). Tencent Cloud deploy kit, no live instance. One-team pilot.

`docs/finals/rubric/hcd_ux/ACCESSIBILITY_STATEMENT.md`

9/10

Responsible AI & Ethics

No tipping-off; identical refusals; write-ahead sealed log; revealing needs a reason. Crosswalk to AI Verify, MAS FEAT, PDPA, NIST.
